Open Source Software Notice

The products listed above use open source software to fulfill their function. Licenses for the open source software are granted under the GNU General Public License in various versions. The licenses are granted by the respective holders of the Copyright (rightsowners). In the event of conflicts between VScm's license conditions and the applicable open source licenses the open source license conditions take precedence over VScm's license conditions with regard to the respective open source software.

You are allowed to modify VScm's proprietary programs and to conduct reverse engineering for the purpose of debugging such modifications, to the extent such programs are linked to libraries licensed under the GNU Lesser General Public License. You are not allowed to distribute information resulting from such reverse engineering or to distribute the modified proprietary programs.

The rightsowners of the open source software require to refer to the following disclaimer which shall apply with regard to those rightsowners:

Warranty Disclaimer

THE OPEN SOURCE SOFTWARE IN THIS PRODUCT IS DISTRIBUTED IN THE HOPE THAT IT WILL BE USEFUL, BUT WITHOUT ANY WARRANTY, WITHOUT EVEN THE IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. SEE THE APPLICABLE LICENSES FOR MORE DETAILS.
